Slow Learners: Their Psychology and Instruction
By A. Kusuma,G. Lokanadha Reddy,R. Ramar

Discovery Publishing House Pvt. Ltd., 2010. Hardcover. Book Condition: New. The authors of this book have taken stupendous effort to present the content in a well organised manner Starting from concept of slow learning they proceed to identifying slow learners The intellectual development and emotional development of slow learners are then delineated in detail These two chapters mostly concentrate on younger slow learners. The next two chapters provide the required guidelines to the Teachers how to teach Language and Mathematics to slow learners In the eighth chapter Importance and methods of Teaching vocational Education and Physical education to slow learners are expounded with practical guidelines The last but one chapter which focuses on developing creativity and social competence in slow learners deals with senior slow learners who are mostly School leaving adolescents. Thus this book encompasses the Progress made by the slow learners right from the developmental Stage till his Adulthood The last chapter which includes the recent researches conducted on slow learners Indian context provides Research base to the book. The book has other interesting features like a chapter outline that acquaints the reader with organisation and content of each chapter, chapter learning objectives that state what the readers...
